## 9. EDUCATION, TRAINING AND DEVELOPMENT STRATEGIES

- Use the workplace as an active learning environment
- Provide employees with the opportunities to acquire new skills
- Provide opportunities for new entrants to the labour market to gain skills and work experience
- Employ persons who find it difficult to be employed

Learnerships and Skills Development Programmes

Learnerships and skills programmes contribute to these aims by combining structured learning with structured work experience to obtain an NQF-registered qualification. They are the main ways in which the workplace Skills Development Plan will be implemented.

- **Learnerships** replace and extend traditional apprenticeships to non-trade learning areas and result in a whole qualification registered by SAQA and related to an occupation.
- **Skills programmes** are smaller units of learning which are credit-bearing and may build credits towards a qualification.
- The **learnership contract** governs the relationship between the employer, the employee/learner and the accredited training provider. Contracts must be registered with the Sector Education and Training Authority (SETA) before learnerships commence.

The Mamusa Local Municipality is committed to learnerships and skills programme which:

- are diverse (i.e. cover a lot of different fields)
- are provided on the basis of organisational needs
- involve partnerships and co-operation between various workplace contexts to provide learners with the necessary work experience

- may be undertaken in any occupational field, not only traditionally technical trades
- integrate education and skills training and will provide a work-based route to a qualification – or build credits towards a qualification
- provide a basis for lifelong learning
- implement the Skills Development Plan

## **10. CAREER STREAMING**

Career streams are vocational pathways along which an employee can move, to promote their own development and the organisation's capacity. Streams must be developed within the strategic priorities of local government and within its responsibilities for service delivery. Career streams do not necessarily provide "promotion" (upwards), but rather a number of different ways of moving within the organisation.

The Mamusa Local Municipality will:

This is because the standards and qualifications have been set nationally with the participation of all stakeholders in various fields of learning.

## **12. THE MAMUSA LOCAL MUNICIPALITY IS COMMITTED TO:**

### **13. RECOGNITION OF PRIOR LEARNING (RPL)**

Recognition of Prior Learning (RPL) is an assessment process through which learners may be awarded credits for learning which they have already obtained through work experience or some form of prior learning.
